

About ICIM 2026

2026 the 12th International Conference on Information Management (ICIM2026) will be held at the University of Oxford, Oxford, UK, from the 27th to the 29th of March, 2026. The main purpose of ICIM2026 is to provide an international platform for presenting and publishing the latest scientific research outcomes related to the topics of information management and information system applications. This conference offers good opportunities for the delegates to exchange new ideas, and to establish research and/or business links, as well as to build global partnership for potential collaboration. We sincerely hope that the conference will help advance knowledge in relevant scientific and academic fields. After the immensely successful of previous ICIM, ICIM2026 is expected to be more exciting, stimulating & educative.

Conference Proceedings

Accepted, registered and presented papers will be published in Springer CCIS series Conference Proceedings (Electronic ISSN: 1865-0937; Print ISSN: 1865-0929), which will be indexed by Ei Compendex, Scopus and other academical databases.
